**Subject: Extension of online Flight Planning facility to IAF, Military & Domestic
scheduled operators on trial basis.**

Sir,

The Integrated Planning Group is pleased to inform you that the competent Authority has granted permission to extend use of online flight planning portal using www.onlinefpl.in to IAF, Military & Domestic scheduled operators on trial basis.

The concerned heads of domestic scheduled operator, IAF & Military units, may be apprised about it.

The process of registration for online flight planning is as explained below:

Step 1. Online registration on www.onlinefpl.in by the applicant.

Step 2. System will prompt to submit document for verification before issuing access to website.

Document for verification will contain:

DGCA license No & Scanned copy as a proof.

- In case of IAF or other military units, unique service no. & proof of identity.
 - Bonafide certificate from employer (Station in charge/head of dept.) stating that concerned individual is authorized by them for filling the flight plan.
 - If required, Confidential call for verification will be made by webmaster
- a. Once, documents are submitted and verified, access to file the flight plan will be granted. Other details about procedure and other guidelines for filing the plan is available on ANS portal.

AAI reserves the right to suspend or terminate access to www.onlinefpl.in without assigning any reason.
